College Exposure Shootouts

Spiece Fieldhouse • 5310 Merchandise Dr. • Fort Wayne, IN 46825

Sunday April 6, Sunday October 5, and Sunday October 26

Dear Student Athlete,

If **College Basketball** is your dream, then you need **exposure** to College Coaches and Scouts. The **IBN Shootouts** are your opportunity to play against outstanding national talent while being evaluated for your college potential. The Shootouts are designed to let players show what they can do from their potential college playing position. If you feel that your exposure to college recruiters has been poor; or, that you are not being recruited by the right level of college basketball, then you need to sign up today for the shootouts. At the Shootouts, you will play on a team in three games each day. Each player will be evaluated for college potential by Reg Tisdale and his IBN Scouting Service Staff. All participants will be featured in a Performance Summary report that is mailed to **1,000 USA college basketball programs**. **Note: Please watch discussion boards for updates and changes.**

SHOOTOUT EVENT INFO AND PLAYER FEE: Cost is **\$125.00**. **Walk Up Fee (if space is available)** is **\$150.00 each day**. No other college exposure event offers three games in one day and subsequent player evaluations to **1,000 college coaches**.

Executive Event Director: Reg Tisdale

IBN Editor/Publisher Tisdale played varsity basketball at Indianapolis Warren Central under Carl Hughes and Mike Copper. Tisdale earned a B.S. in Education from **Indiana University** and currently holds active teaching licenses in **the state of Indiana**. Tisdale founded **Indiana Basketball News** in **1997** as a **scouting service to colleges and universities**. 457 Mens' College Basketball programs have relied on **IBN** for their recruiting information. **IBN** went on line in **January, 2000** at **inbnews.com**. Currently, the website is averaging 1,200,000 visitors per month.

Reg Tisdale has been organizing **college exposure leagues and national traveling teams since 1985**. Over 1,000 athletes maximized their college exposure in those leagues and events.
